The following information is based on the DOC Institution Population on March 31, 2012. This report is divided into four sections.

Institutions are separated into three types, Prison, Community Corrections and Other which include the Delaware Psychiatric Center and Compact Cases. The second table in Section 1 illustrates the change in the institution population from December 31, 2011 to March 31, 2012. An overall increase of 132 offenders has occurred in the population between December 31<sup>st</sup> and March 31<sup>st</sup>, with an increase in Prisons of 175 offenders, and a decrease of 38 offenders in Community Corrections and 5 offenders in Other institutions.

Section 2 describes the demographic make-up of the DOC institution population on March 31, 2012. Almost 58% of the institution population is Black while 42.5% are White, and the remaining 0.1% are Other. Ninety-one percent of the population is Male, and 8.3% is Female. Section 3 portrays the length of stay for both the detention and sentenced populations in a DOC institution on March 31, 2012. Almost 78% of the detention population has been detained for less than 120 days, with only 1.4% detained more than 1 year. More than 50% of the sentenced population has served less than 1.5 years with 7.7% of the population serving 10 years or more. The final table describes the expected release for sentenced offenders with 54.4 % of the March 31, 2012 sentenced population expected to be released in the next two years.
