Subject: DOC Population Breakout: 4<sup>th</sup> Quarter 2012, December 31, 2012

The following information is based on the DOC Institution Population on December 31, 2012. This report is divided into four sections.

Section 1 gives a general overview of the DOC institution population on December 31, 2012. The first table describes the DOC institution population using the offender level and sentence type versus the institution. Institutions are separated into three types, Prison, Community Corrections and Other which include the Delaware Psychiatric Center and Compact Cases. The second table in Section 1 illustrates the change in the institution population from September 30, 2012 to December 31, 2012. An overall decrease of 180 offenders has occurred in the population between September 30<sup>th</sup> and December 31<sup>st</sup>, with a decrease in Prisons of 246 offenders, an increase of 67 offenders in Community Corrections, and a decrease of 1 offender in Other facilities. This decrease follows a 306 person increase from 2<sup>nd</sup> to 3<sup>rd</sup> quarter 2012.

Section 2 describes the demographic make-up of the DOC institution population on December 31, 2012. About 56.5% of the institution population is Black while 43.3% are White, and the remaining 0.2% are Other. Almost 92% of the population is Male, and 8.1% is Female. In addition, almost 58% of the population is under the age of 35, with 78.1% of the population under the age of 45.

Section 3 portrays the length of stay for both the detention and sentenced populations in a DOC institution on December 31, 2012. Seventy-five percent of the detention population has been detained for less than 120 days, with only 1.5% detained more than 1 year. More than 50% of the sentenced population has served less than 1.5 years with less than 8% of the population serving 10 years or more. The final table describes the expected release for sentenced offenders with 56.1% of the December 31, 2012 sentenced population expected to be released in the next two years.
