Subject: DOC Population Breakout: 3rd Quarter 2012, September 30, 2012

The following information is based on the DOC Institution Population on September 30, 2012. This report is divided into four sections.

Section 1 gives a general overview of the DOC institution population on September 30, 2012. The first table describes the DOC institution population using the offender level and sentence type versus the institution. Institutions are separated into three types, Prison, Community Corrections and Other which include the Delaware Psychiatric Center and Compact Cases. The second table in Section 1 illustrates the change in the institution population from June 30, 2012 to September 30, 2012. An overall increase of 306 offenders has occurred in the population between June 30th and September 30th, with a increase in Prisons of 384 offenders, and a decrease of 78 offenders in Community Corrections. There was no change in the total offenders at Other facilities between June 30th and September 30th.

Section 2 describes the demographic make-up of the DOC institution population on September 30, 2012. Just over 57% of the institution population is Black while 42.6% are White, and the remaining 0.2% are Other. More than 91% of the population is Male, and 8.4% is Female. In addition, almost 60% of the population is under the age of 35, with 78.3% of the population under the age of 45.

Section 3 portrays the length of stay for both the detention and sentenced populations in a DOC institution on September 30, 2012. Seventy-five percent of the detention population has been detained for less than 90 days, with only 1.0% detained more than 1 year. More than 50% of the sentenced population has served less than 1.5 years with less than 8% of the population serving 10 years or more. The final table describes the expected release for sentenced offenders with 54.8% of the September 30, 2012 sentenced population expected to be released in the next two years.
