Crime in Delaware: 2017 – 2021 is the official report of serious crimes known to Delaware law enforcement from 2017 through 2021. The report provides extensive data about crime at state and county levels. This supplement reflects an evolving effort within the *Crime in Delaware* reporting process to provide extensive crime data about the City of Wilmington.

The methods used to prepare and analyze Wilmington’s data are the same as those described in the main *Crime in Delaware* report, with one exception: data for Wilmington’s two enforcement agencies—the Wilmington Police Department and the Wilmington Fire Marshall—were first merged before analyzing the city’s data.

In this supplement, tables, and figures with summary level data about offenses, clearances, and arrests are presented first. These are followed by detailed data tables with counts of offenses, clearances, and adult and juvenile arrests (Tables 3 – 6). Summaries of key findings from each level of data are also included and precede the two sections.

The full *Crime in Delaware 2017 – 2021* report contains extensive data and is available on the Statistical Analysis Center’s website (<https://www.sac.delaware.gov>).

Detailed, jurisdiction level offense data can be viewed and downloaded from the Delaware Open Data Portal.

Note: Caution should be used when comparing criminal offense trends involving 2020/2021 totals. Due to the COVID-19 pandemic and subsequent State of Emergency declarations, court closings, and travel restrictions within the State of Delaware, it is not possible to discern if, or how much, those events impacted year-to-year changes in offense totals.

Note: During NIBRS data research in early 2022 it was found that Identity Theft and Hacking/Computer Invasion offense totals were not being calculated correctly in the reporting used to create the *Crime in Delaware* reports. While overall Fraud offense totals were calculated correctly, the individual sub-category totals changed drastically for 2021.

Wilmington Serious Crime At-a-Glance 2017 – 2021

Overall, 1,848 fewer Group A offenses were reported in Wilmington in 2021 compared to 2017, a decline of 16.4%. This continues a long downward trend, aside from a slight increase in 2016 (see Table 1 and Figure 1). All major crime categories were lower in 2021 compared to 2017, with the greatest declines in Violent Offenses (20.9%) and Serious Property Offenses (26.1%). Drug Offenses and Other Property Offenses declined during this period by 7.3% and 4.1%, respectively. Long-term trends since 2010 can be seen in Figure 1A. Figure 1B shows the same long-term trends with a different scale in order to show detail of the four offense categories.

The most frequently reported offenses in the city were Assault; Larceny/Theft; Property Destruction/Vandalism; Drug/Narcotic; Fraud; and Weapon Law Violations. Fraud became one of the top 6 offenses in Wilmington in 2021, replacing Burglary. Assault, Property Destruction/Vandalism, and Drug Offenses continue a long overall downward trend. Larceny/Theft decreased 29.9% from 2017 to 2021 with varying ups and downs over the 5 years. Fraud showed a sharp increase from 2020 to 2021, and an overall increase from 2017 to 2021. Weapon Law Violations steadily increased from 2017 to 2021 with an overall increase of 2.1%. Long term trends since 2010 can be seen in Figure 2. The number of homicides in 2021 (40) is the highest tally in this report's history.

2021 offenses in all main crime categories were cleared at rates comparable to those from 2017 through 2020 (see Table 1 and Figure 3). Overall, 36% of all offenses committed in 2021 were cleared by the end of the calendar year with 52.9% of Violent Offenses cleared and 85.2% of Drug Offenses cleared. Long term clearance trends as recorded by the end of the calendar year can be seen in Figure 3.

The number of adult and juvenile arrests decreased from 2017 to 2021 (5.2% and 15.8%, respectively). Yearly arrest totals vary from year to year. Total arrests for Drug Offenses decreased over 22.4% from 2017 to 2021. The Drug arrest decline is comparable to the overall state arrest trends, and is partially attributed to the marijuana possession statute changes decriminalizing marijuana possession in certain situations and circumstances. Long term trends in arrests can also be seen in Figure 3.

Drug Offense Changes

Note: In December 2015, Delaware passed legislation that decriminalized certain marijuana possession offenses. Depending on various circumstances, these offenses are civil offenses. Due to the Federal Government still recording these offenses as criminal, they are part of the Drug Offense totals in this report. Depending on the circumstances surrounding those offenses, an arrest may not be made due to some possession offenses being deemed "civil offenses" by the State of Delaware.
